FIFTH YEAR OPTIONS ASSESSMENT FORM

Student Name  Term  Date

School  Supervisor

Option Title

Clinical Attachment

Inadequately explained absences OR attendance at less than 80% of the time expected for the option without appropriate efforts to make up for missed time will normally result in a fail grade for the overall clinical attachment. Where possible, opportunity to make up for adequately explained absences should be provided.

Overall Option Result  Please indicate

Pass/Fail

Case Report

*Please note: Written work that does not meet the 1000-1500 word count or work that does not adequately address the topic with reference to relevant literature is to be returned to students for rewriting.

If attendance or active participation is not adequate, or an assignment is not of an acceptable standard after the student has had the opportunity to rewrite it, the student will be failed and will be required to undertake an additional two week option in a holiday period, or other remediation or sanctions as required by the Options Coordinator or the Board of Examiners.

Grading Schema for Reports  Please indicate

High Distinction (80-100)

Distinction (70-79)

Credit (60-69)

Pass (50-59)

Fail (0-49)

Due no later than 9am Monday following attachment, topic to be agreed between supervisor and student.

Signature (Supervisor/Marker)  Date

Please return completed form to Caroline Martin, Education Centre (M515), Faculty of Medicine, Dentistry and Health Sciences, The University of Western Australia or via email to:
caroline.martin@uwa.edu.au
