Option Title

### Clinical Attachment

Inadequately explained absences OR attendance less than 80% of the time expected for the Option without appropriate efforts to make up for missed time will normally result in a failing grade for clinical attachment in the Option. If possible opportunity to make up for adequately explained absences should be provided.

	<b>Please indicate</b>
<b>Pass/Fail</b>	

### Case Report

Please note: Written work not in the 1000-1500 word range or work that does not adequately address the topic with reference to relevant literature is to be returned to students for rewriting.

If attendance or active participation are not adequate, or an assignment is not of an acceptable standard after the student has had the opportunity to rewrite it, the student will be failed and will be required to undertake an additional two week Option in a holiday period, or other remediation or sanctions as required by the Options Coordinator or the Board of Examiners.

	<b>Please indicate</b>
<b>High Distinction (80-100)</b>	
<b>Distinction (70-79)</b>	
<b>Credit (60-69)</b>	
<b>Pass (50-59)</b>	
<b>Fail (0-49)</b>	

Due no later than 9am Monday following attachment,  
topic to be agreed between supervisor and student.
